### WORK FOR BUSINESS MEN'S ASSOCIATION.

There is plenty of work ahead for the Business Men's Association and Commercial Club. The Journal is in receipt of inquiries daily.

It is impossible for a private individual or firm to answer all such letters received and the work properly belongs to an organization which should be well prepared with circulars and information which could be sent on short notice to interested investors and home-seekers.

1. What is the population of the town? How old is it? Is it a county seat? Is it growing rapidly now, or likely to in the near future?

2. Mention some of the principal lines of business.

3. Is the community wide awake and bustling?

4. What nationalities predominate?

5. Name the religious denominations and strength of each.

6. What kind of country surrounds it? Mining? Fruit or stockraising? Agriculture? Is it easily accessible with good roads to your town?

7. Name the railroads. Any seaports?

8. Are you on or near a navigable stream? If so, give some information about it.

9. Number of drug stores, clothing stores, grocery stores, department stores, general merchandise stores, banks, grain or lumber firms, physicians, paint, oil and glass stores.

10. What lines of stock would sell best in a store needed in your town?

11. Can a go-between storekeeper be had? What rent?

12. What is the annual rainfall? Altitude?

13. Describe the climate of the various seasons.

14. What kind of fuel is available? Price?

15. Are stabling houses for rent to be had? What rent for a six to eleven-room house?

16. Have you good water and plenty of it? What kind?

17. What are the retail prices paid

### Spring Ailments

Pimples, boils, vesicums and other eruptions, loss of appetite, tired feeling, fits of biliousness, indigestion and headache, are some of them.

They are all radically and permanently cured by Hood's Sarsaparilla.

This great medicine thoroughly cleanses the blood and restores healthy functional activity to the whole system. It makes people well.

"I have been using Hood's Sarsaparilla as a spring medicine for ten years, and have never found anything better." John Flemings, Campbell Hall, N. Y.

#### EVERYTIME

You spend a dollar needlessly, not only is that dollar gone for all time, but also the interest on it for life.

Benjamin Franklin puts it like this: "He that loses four shillings not only loses that sum but all the advantages that might be made by turning it in dealing, which, by the time a young man becomes old, amounts to a comfortable bag of money. Therefore, pause and consider before parting with thy money."

"The cost of an unnecessary article if saved would of itself beget money."

"He that in youth sows the habit of saving savings will at maturity reap a golden harvest."

Start a savings account, even if you can't start with more than \$1. We pay 3 per cent interest, compounded semi-annually.

### The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, over-worked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous or native medicinal plants than is alcohol; and furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiflament.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes have any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure this cause and you cure the disease. One Pellet is a strong laxative and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

for staple groceries, such as flour, sugar, potatoes, apples, beans, canned tomatoes, corn, etc.!

18. What necessities are plentiful and cheap, and what are high-priced and scarce?

19. Do you consider your town and surrounding country able and willing to support a first-class business in a way to make things of interest to a mother?

20. Is the climate healthful? What are the most prevalent diseases?

21. How near and near what large trade centers are you located, and will this fact, in your opinion, influence the business we speak of?

22. If this matter is of no especial interest to your community, kindly tell me of some other first-class locality, or if you do not desire to answer, please refer this communication to some interesting party.

#### MODERN PIRATES.

The old-time sea rover who was wont to swoop down on a merchantman and loot its cargo was regarded by all civilized nations as a criminal of the most dangerous type. If caught he was usually hanged, along with his crew. In these more peaceful days there are pirates who prey on commerce, but they are far less engaging to the imagination. Among them may be classed the "trademark grafters," as he is sometimes called, who, despite the laws, still prosper. Instead of holding up a ship laden with merchandise, he attacks the business of some other manufacturer, and by imitating his rival's brand, the style and color of the packages in which the wares are sold, and also by throwing out to the public the bait of a cheaper price, he diverts the revenues of his victim into his own pocket.

So great has become the depreciation of these bandit businesses that American manufacturers are now asking for a national law which shall make the imitation of trademarks a penal offense. A bill has been introduced at Washington which provides that the maker of goods which are articles of interstate commerce and which bear labels in imitation of other brands shall be liable to \$1,000 fine or imprisonment for two years, or both. The manufacturer who deceives the public by means of a counterfeit label is as much a scoundrel as the green goods men or the gold brick flimflam. If, as the advocates of the bill assert, it will be supported by the courts as constitutional, it should be passed. Caution is respect to its scope, however, is absolutely necessary. The law of 1876, which made trademark counterfeiting a penal offense, was overthrown by the courts on the ground that it infringed state rights.

Most of the states have statutes making trademark piracy a criminal offense but these laws vary to such a degree and are so haphazard that manufacturers say they accord them little protection. They also point out that nearly all European countries have national laws, and that even in China there is a law providing that one guilty of this offense may be imprisoned for one year.—New York Tribune.

They have solved a problem, the answer to which a hundred thousand physicians in America are today groping for in vain.

They cure the most severe, long-continued, chronic, complicated cases of Indigestion that can be found. They are far ahead of the most modern medical practice, because the most successful physicians of the day, in the cure of diseases of the digestive organs, are using Stuart's Dyspepsia Tablets as a basis for their success.

They stoop to Stuart's to conquer. And Stuart's lift them up, out of the rut.

If, therefore, you are a victim of this dread disease, which counts its victims by the millions, brace up and take new heart, for you cannot fail to cure your trouble if you will only put your faith in this great remedy, Stuart's Dyspepsia Tablets.

They are positively, frankly, truly, a sure and permanent relief.

Try them.

### MOTHER AND CHILD.

Let the mother take Scott's Emulsion for the two; it never fails to benefit them both. One can eat for two, but nourishing two is a different thing. It calls for a degree of internal strength that the average woman lacks. People of luxury are not very strong by habit; overworked people are weak in some functions from exhaustion or their surroundings. Scott's Emulsion can be depended upon to overcome such conditions. It is a wonderful food for a mother and child.

SCOTT & BOWNE, 409 Pearl Street, New York.

#### No More for Grandpa.

A store that had never been in the habit of advertising, recently got a clever ad-writer to fix up a few ads for it, and the result was a great increase of business. The ad-writer expected to be complimented on his success, but the storekeeper said: "This advertising must stop. We are all being worked to death at the store, and I for one have had enough of it!"—Rhode Island Advertiser.

Diamonds Go Up in Price.  
Minneapolis Journal.

Diamonds have gone up #2 a barrel f. o. b. in South Africa, but it makes no difference to George. His girl is going to have a spark for her engagement ring if he has to buy a half ton of them, pick the best one out for her and sell the rest off at retail for what they will bring. The DeBeers diamond trust

is commonly reported to have the crystals stashed up in South Africa as the anthracite men stack up their coal. The price, just like the coal price, continues slowly to climb, the diamond boys proposing to forestall any possible make of artificial diamonds or any possible discovery of other diamond fields.

#### NEEDLESS ALARM.

Here's a poor man coughing away his lungs—at least, so his relatives think.

It's a cough, cough; haak, haak; haak; all day and sometimes all night.

"Must be consumption," think the alarmed ones.

And of course there is always a possibility that they may be right.

But in most cases they're wrong; because Dyspepsia is so much more common than Consumption.

And Dyspepsia causes chronic Cough, just like Consumption.

The dyspeptic cough, it is well to remember, can be quickly cured by Stuart's Dyspepsia Tablets.

No need to be alarmed about it unless you make up your mind to neglect it.

Then, indeed, you must look out for danger; for the Dyspeptic Cough often grows into a Consumptive Cough if neglected, by the constant lung irritation which it causes.

So the best way is to waste no time, but begin at once the use of these famous little tablets, the timely use of which has saved many a sick person from ending in a consumptive's grave.

Remember, however, if you please, that Stuart's Dyspepsia Tablets will positively NOT cure Consumption, but prevent it.

Of course, they can always be depended on to cure all the other symptoms of indigestion.

They are a universal cure, for one universal disease.

They cure nothing else; but what they do, they do thoroughly and well.

Stuart's Dyspepsia Tablets are the result of the most thorough investigation into the inside causes and the cure, of Indigestion, that has ever been attempted.

They have solved a problem, the answer to which a hundred thousand physicians in America are today groping for in vain.

They cure the most severe, long-continued, chronic, complicated cases of Indigestion that can be found.
